

Annual Report

2022/2023

BEST Governance Framework

Our approach to corporate governance sets the foundation for the way we conduct our business and deliver outcomes.

In a successful one year of transformation, Business and Employment Southeast Tasmania (BEST) achieved quality outcomes aligned to our purpose – opening doors for community to thrive. The role we play in supporting jobseekers, employers and business, contributing to Tasmania’s prosperity, and helping customers achieve their goals cannot be underestimated. This Annual Report outlines the quantitative data; however, it must be noted that within the data, there are many personal stories and positive impact to people's lives in the communities we serve.

The collective expertise and experience of the board and our people has enabled reflection, consolidation and renewal, culminating in an updated Strategic Plan that will guide our direction into the future.

It has been inspiring to see our people live the BEST purpose and values every day. It is against a backdrop of commitment to performance and continuous improvement, that BEST has delivered considerable value and positive impact to your communities. The team must be commended for their ongoing commitment and have excelled in their support to jobseekers, employers and businesses.

Good governance is essential in delivering BEST strategic goals and enabled us to have a positive impact through the way we work and meet our obligations as a Board. Through being fiscally and operationally responsible, the BEST team and Board is in a strong position moving forward into our second year of business as a Jobs Hub.

I would like to thank our previous Chair, Carolyn Pillans for her exceptional stewardship, Kerry Vincent (SERDA Representative) for his unwavering support of BEST, SERDA Members who stand by the BEST purpose for their communities, the BEST Board members and our people, who have gone above and beyond in their everyday work. To Jobs Tasmania, thank you for your guidance and support throughout the first year of the Jobs Hub operations and to the many stakeholders we engage with, thank you!

Regards

Annette Barwick

Mission

To increase meaningful employment opportunities, workforce participation or re-engagement with formal education and training through connecting businesses, jobseekers, youth and community stakeholders.

To support small businesses growth and sustainability.

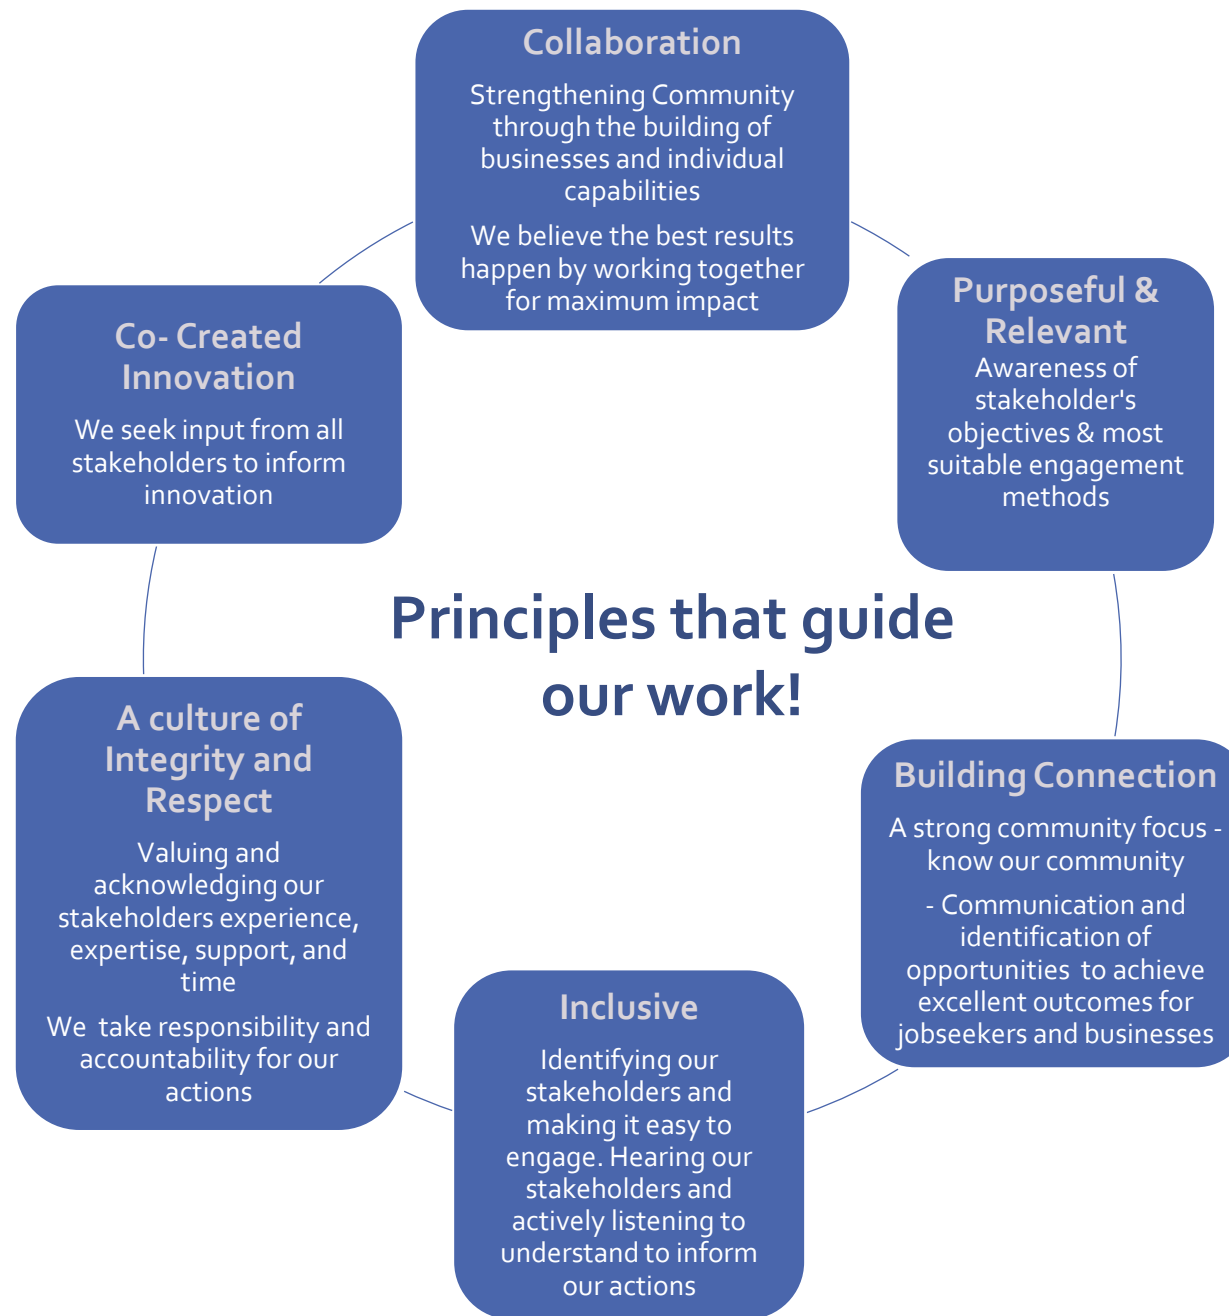

‘Opening doors for community to thrive’

Vision

Transforming communities through building connections and driving equitable employment and training opportunities with businesses, jobseekers, youth & training providers - providing a strong social and economic future for Tasmania to thrive.
